for

Creativity • Problem Solving • Innovation

SPARKING IDEAS!

An Idea Can Start at Any Age!

Key Characteristics of Entrepreneurial Spirit!

Inspiration...Discovery...

Creative Thinking...Innovation...Perseverance...

Marketplace for Kids seeks to prepare the next generation (grades 3 through middle school) of entrepreneurs and skilled workers for success. **HOW?**

...Through training to teachers, parents, and students with our **Learning Guide**. This curriculum is designed to help students discover entrepreneurship, explore career fields, and develop self-employment, financial literacy, and leadership skills. Students create a business/invention model based on their area of interest to showcase at an Education Day.

...By hosting **Marketplace for Kids Education Days**. Education Days are held in the North Dakota communities of Williston, Bottineau, Minot, Devils Lake, Northwood, Wahpeton, Jamestown, Bismarck, Fort Yates, Dickinson, and in Moorhead, MN. The **Marketplace for Kids Education Days** provide students with a place to experience and test new ideas and to their showcase innovation and creativity (business/invention model). **Marketplace for Kids** celebrates students' achievements while giving them new tools, materials, and hands-on learning (through classes).

We do not know which of our students will become the next successful entrepreneur. We do believe that the dispositions, habits, skills, and knowledge they acquire through the **Marketplace for Kids** program, will benefit everyone. We believe the qualities of an entrepreneur are also the key to success in any situation...school, work, personal, and in LIFE!

Help Marketplace for Kids to continue bringing entrepreneurial learning opportunities to youth by becoming a *Champion of the Entrepreneurial Spirit!*

BECOME A CHAMPION OF THE ENTREPRENEURIAL SPIRIT!
