Class Titles and Descriptions

Class A: Starting Your Own Business A to Z

Attend this class and learn the basics of what it takes to start your own business!

Class B: Leadership: Far from Ordinary

Are you a leader? Do you want to become a leader? Attend this class and learn the skills needed to become a leader—all while having fun!

Class C: Sparky's Tips on Fire Safety

Join Sparky the Dog and his assistant as they show you fire safety tips, exiting plans, and equipment used to fight fires. See what it takes to be a fire fighter!

Class D: Careers in My Future: Vocational/Technical Center Tour

Students participating in the tour of the Lake Area Career and Technology Center will have the opportunity to see eight career and technical education classrooms that provide career awareness in eight program areas including automotive, construction, welding, health careers, culinary foods, business, information technology, marketing, and child care. This tour will be led by members of the technical student organizations (CTSOs). High School classroom students will describe their learning experiences and projects.

Class E: Money Does Grow on Trees

Students will learn how their money (earnings) can grow (increase) from the sale of a variety of different "agroforestry products" that can be produced from trees (or forests).

Class F: Skulls and Skins

Discover the many career opportunities in wildlife. Use your observation skills to discover nature's secrets.

Class G: Entrepreneurs and Manufacturers Share Their Secrets to Success

Attend this session and see how these entrepreneurs and manufacturers turned their dreams into reality.

Class H: High Tech Scavenger Hunt

It's part hiking, part orienteering, part scavenger hunt, and part hide-and-seek! It's as low-tech as the walking stick in your left hand and as high tech as the compact global positioning system (GPS) receiver cradled in your right. (At the request of the presenter, class capacity has been set at 25.)

Class J: Don't Mess with Meth

Attend this class and learn more about the Rural Crime and Justice Center's rural methamphetamine education awareness project.

Class K: Working with Sled Dogs

Learn the importance of nutrition, training, and racing sled dogs. This is a hands-on experience of sled dog equipment and outdoor gear for the dog musher.

Class L: Check Us Out!

Join us for a fun and interactive way to learn how to successfully manage your checking account to ensure your reputation and keep your credit record squeaky clean. You'll receive your own simulated checkbook, experience writing and cashing checks, prize drawings, and the famous Citizens Community Credit Union Money Cookies!

Class M: You are Now Entering the World of Engineering

Explore the diverse opportunities of engineering. Enter into the world of engineering with hands-on experience using surveying equipment, and the computer to view 3-D images.

Class N: It's All in the Line of Duty

What is in the line of duty for law enforcement? Attend this class and learn more about this exciting career, the duties, the opportunities, and the satisfying life of law enforcement.

Class O: Go! Go! Go! Move It or Lose It!

By attending this exciting class, you'll learn the importance of exercise and nutrition.
