1:20 – 1:45 p.m. Attend Closing Ceremony (All Students)

Class Titles and Descriptions

Class A: Hair We Go!

Attend this hands-on class and learn about careers in cosmetology. You'll even put a temporary color in your hair.

Class B: Check Us Out!

Join us for a fun and interactive way to learn how to successfully manage your checking account to ensure your reputation and keep your credit record squeaky clean. You'll receive your own simulated checkbook, experience writing and cashing checks, prize drawings, and the famous Citizens Community Credit Union Money Cookies!

Class C: Board? We have the Game 4 U!

Participate in the research and development of a fun, entertaining new game designed by the Northland College Marketing Students.

Class D: Skulls and Skins

Discover the many career opportunities in wildlife. Use your observation skills to discover nature's secrets.

Class E: Lightening and Thunder with Fred

Take part in this hands-on demonstration of the instruments used by a meteorologist.

Class F: So You Want to be an EMT?

Have you ever wondered what is happening in an emergency medical vehicle as it speeds by with the lights flashing and sirens blowing? Come to this class and find out about the work of an EMT.

Class G: Don't Mess with Meth

Attend this class and learn more about the Rural Crime and Justice Center's rural methamphetamine education awareness project.

Class H: Scientists and Engineers Rule!

Check out these cool technologies designed by scientists and engineers. Hear how you can "rule" with them.

Class I: We're Crude, We're Slippery and We've Got Gas

Join the "Crude Brothers" along with their band members, 2-Methylhexane, Dimethylcyclopentane, Toluene, Cyclohexane, Hexane, and Uncle Heptane, to see if your Five Carbon Naphthenens could be dehydroisomerized into aromatics. This class is simply a gas!

Class J: Sing a Song to Success

Hear how this performer got her start in music and what she's doing now. Take part in a quick demonstration of songwriting and music.

Class K: Helping Hands

Helping Hands is a fun and energetic class! You will learn why and how to care for the needs of the greater community by committing to volunteer service. The format allows time to develop caring skills, and invites students to listen, learn, share, and explore in a group volunteer project. You will witness what other students your age have done in the community as a young volunteer. You will also participate in making May Day Baskets for area community shelters, senior centers, hospice clients, and other agencies.

Class L: Keeping the Skies Safe

Grandma's House. Family Vacation. No matter where you are going, air travel may be a part of your trip. That's why the U.S. Department of Homeland Security's (TSA) efforts are dedicated to getting you there. At every commercial airport, TSA security officers are motivated individuals who take pride in making your travel secure. You will also have the opportunity to see confiscated items from people who have passed through security and hear why they were confiscated.

Class M: Money Does Grow on Trees

Students will learn how their money (earnings) can grow (increase) from the sale of a variety of different "agro forestry products" that can be produced from trees (or forests).

Class Activity N: Careers on Wheels and Wellness/Education Center

Careers on Wheels is a display of vehicles from selected businesses depicting occupations in your community. We see these vehicles, but rarely have a chance to view them up close, or to visit with the operators. Attend this activity and get your chance!

The Wellness/Education Center will showcase businesses and organizations to help you make healthy life choices, learn more about exciting careers, and other programs of interest. Attend to become a healthier, happier you!
