#### Class Titles and Descriptions

##### Class A: Saving for Your Future

Saving money can be fun. Attend this class to see how you can save wisely for the things on your want list.

##### Class B: Fishing for a Career?

What does it take to be a professional fisherman? Come to this class and find out. It's more than just catching fish. You'll also be able to see professional fishing equipment and supplies.

##### Class C: Kites, Kites, and Kites!

North Dakota is one big kite flying field. Come and learn about all types of kites, kite safety, and how you can fly kites.

##### Class D: A Day in the Life of a Veterinarian

This class will give an in-depth view of veterinary medicine by showing different animal species and the surgeries and procedures performed on these species.

##### Class E: Got Moves?

The On The Move Team is here to help you learn ways to be physically active five times a week for at least 30 minutes. Students will increase their awareness of the health benefits of physical activity. After this class you will be able to answer this question: "What is the difference between sports drinks and water?"

##### Class F: Operation Lifesaver

Students will learn an important safety message about reducing injuries and fatalities at railroad crossings.

##### Class G: Don't Mess with Meth

Attend this class and learn more about methamphetamines and how Meth can affect your life.

##### Class H: Breaking Boundaries

Breaking through boundaries of traditional leadership is what this class is all about. Discover the endless possibilities that await you, develop friendships beyond your neighborhood, and see how you can change your life in a fun and unusual setting.

##### Class I: Serving Up Some Tennis

Attend this class and learn the great sport of tennis. Try some of the latest and greatest fun tennis equipment. Learn about the rules of the game, how to score, and how to hold the racquet. Show off your tennis knowledge and skill with a tennis quiz and contest to win some cool prizes! Also, you will be able to check out a giant tennis racquet and tennis ball.

##### Class J: So You'd Like to Be a Racecar Driver

Attend this class to see how a race car is built, including engines, transmissions, and suspensions. You'll also hear what it's like to own and operate a race track from scheduling the event down to the concessions. In addition, you'll learn about the safety precautions taken to keep the drivers and spectators safe.

##### Class K: Are You Prepared?

This class will discuss the different types of disasters that occur in our area and how you can help your family be prepared. We will also discuss how you can volunteer.

##### Class L: Green Thumb Lawncare

Do you have a green thumb? If you do, you won't want to miss this class! You'll learn about starting your own lawn care business and the basics of lawn care and flower planting. Start your business for family and friends!

##### Class M: Draw Your Own Anime or Cartoon

If you like to draw, you will enjoy learning fun techniques to create your own cartoon or anime character. Learn drawing tips, use pencil and marker, and work in your own direction.

##### Class Activity N: Careers on Wheels

Careers on Wheels is a display of vehicles from selected businesses depicting occupations in your community. We see these vehicles, but rarely have a chance to view them up close, or to visit with the operators. Attend this activity and get your chance!
