Class Titles and Descriptions

Class A: Breaking Boundaries

Breaking through the boundaries of traditional leadership is what this class is all about. Discover the endless possibilities that await you, develop friendships beyond your neighborhood, and see how you can change your life in a fun and unusual setting.

Class B: Check This Out! The World of Checks and Balances

This class will guide you through the world of personal checking accounts. It will include writing checks, deposit slips, balancing a checkbook register, and how a check works.

Class C: Wildlife in North Dakota

Take a walk on the wild side! Attend this class and learn about furs and wildlife parts, talk about the different kinds of wildlife you may see in North Dakota, learn how wildlife is managed, and see what careers are out there waiting for you!

Class D: K-9 Training: Getting Started the "Paws"itive Way

Discuss the "how to" of dog care and training from obedience to rally to agility to specialized training needed for visiting patients in the hospital. Demonstrations will be included.

Class E: Keeping the Skies Safe

Grandma's House. Family Vacation. No matter where you are going, air travel may be a part of your trip. That's why the U.S. Department of Homeland Security's (TSA) efforts are dedicated to getting you there. At every commercial airport, TSA security officers are motivated individuals who take pride in making your travel secure. You will also have the opportunity to see confiscated items from people who have passed through security and hear why they were confiscated.

Class F: See the Difference with Mr. Squeegee

Learn why a service business like Mr. Squeegee Window Cleaning Inc. is important plus learn some window cleaning techniques to impress your parents!

Class G: The Role of a K-9 Officer

Learn what role a K-9 officer has in law enforcement and the community. Find out what type of training this police-canine team underwent.

Class H: The Magic of Young

Magician Andrew Young has been performing his magic shows across North Dakota, South Dakota, and Minnesota since the age of eight. Meet this young entrepreneur, learn how he got started, and his plans for the future!

Class I: We're Crude, We're Slippery and We've Got Gas

Join the "Crude Brothers" along with their band members, 2-Methylhexane, Dimethylcyclopentane, Toluene, Cyclohexane, Hexane, and Uncle Heptane, to see if your Five Carbon Naphthenens could be dehydroisomerized into aromatics. This class is simply a gas!

Class J: Don't Mess with Meth

Attend this class and learn more about the Rural Crime and Justice Center's rural methamphetamine education awareness project.

Class K: High Tech Scavenger Hunt

It's part hiking, part orienteering, part scavenger hunt, and part hide-and-seek. It's as low-tech as the walking stick in your left hand and as high-tech as the compact global positioning system (GPS) receiver cradled in your right.

Class L: Draw Your Own Anime and Manga Characters!

If you like to draw, you will enjoy learning fun techniques to create your own people and animal characters inspired from the anime and manga cartooning styles of Japan. Learn some new drawing tips, use pencil, marker, and work in your own direction!

Class M: Discover the Enchantment!

See how Gary turns metal into magic! Using your imagination, learn how your dreams can become reality. Discover the magic and earn an enchanted prize!

Class N: Making Music Your Career

Come to this class and learn how you can launch your career in music by listening to this presenter. She'll tell you her story and lead you through a musical finale!

Class O: Lego Robotics on Display!

Do you like to build with Legos? Have you ever seen your creation come to life? Attend this class and see a demonstration of Lego Robotics. See how they operate and even try out your skills!

Class P: Operation Lifesaver

Have you ever been in a situation in which you knew someone was doing something dangerous? What did you do? Did you speak up? Did you keep quiet? Did they ask you to get involved? In this presentation, you will learn about situations around railroad tracks and trains that can be very dangerous and may even cost a life.

Class Q: Money Does Grow on Trees

Students will learn how their money (earnings) can grow (increase) from the sale of a variety of different "agriforestry products" that can be produced from trees (or forests).

Class Activity R: Careers on Wheels

Careers on Wheels is a display of vehicles from selected businesses depicting occupations in your community. We see these vehicles, but rarely have a chance to view them up close, or to visit with the operators. Attend this activity and get your chance!
